UNLOCKING A WORLD OF SAVINGS & SOLUTIONS

Malca-Amit's FTZ (Free Trade Zone) facilities on 5th Avenue and at JFK Airport offer tailor-made solutions and savings for the diamond and jewelry industry. By using Malca-Amit's FTZ status you can:

- Only pay Duty and Federal Excise Taxes when the goods are withdrawn from the zone, and only on the quantities withdrawn.
- Enjoy Duty Exemption on Re-Exports. If foreign merchandise is imported into and exported from the FTZ without entering the U.S. market, no customs duty is levied.
- Enjoy Duty-Free Manipulation of Imported Goods. Goods imported into the zone may be tested, inspected, re-packaged, re-labeled, without payment of duty.
- In states that assess taxes on business inventories, all imported merchandise can be stored in the FTZ without having to pay business inventory taxes.
- Under special circumstances and at customs discretion, merchandise may be removed from the FTZ into the U.S. Customs territory for certain activities and returned to the FTZ without U.S. Customs duty payment.
- Enjoy Malca-Amit's FTZ status in Geneva, Zurich, Singapore and Bangkok, as well as at our two NY-based FTZ facilities.
